

BASEBALL AND SOFTBALL

Year-round sports training is more accessible than ever, thanks to beautiful indoor sports facilities that feature artificial turf. A former baseball player with the Houston Astros organization, Goat Turf founder Tyler Burnett understands what is required for optimal sports training. As an instructor and two-time facility owner, he has the expertise that our customers demand.

We are proud to have designed some of the country's best indoor baseball and softball facilities. Contact us today and we'll handle the design, layout, turf, netting, L-screens, and more.

OUR MISSION

Our core belief is that every space, every day, has the potential to improve your quality of life. In short, our mission is to help our customers do more of what they want to do, when they want to do it, in the spaces that they love the most.
